# INTRODUCTION

---

N PRESENTING this catalogue to the public, we feel that the true value of the animals herein catalogued will not be appreciated, as it is seldom, if ever, there was a lot of cattle of such great values included in one sale. The home bred cattle are in thrifty breeding condition. Every one is a good one, in good condition for the purchaser. We can recommend them in every way and have no apology to make for them whatever. The imported cattle are thin, as they were only in moderate condition when purchased, as we have never made it a practice to buy stuff highly fitted for a sale. We purchased them as breeding cattle, in useful breeding condition, but when you consider that they have put in about seventy days enroute from Britain—a greater part of the time without either sufficient feed or accommodation, it is easy to explain why these cattle should arrive in Chicago in ragged condition, but it is really remarkable that this whole importation of cattle made the trip from Scotland to this country without even a sickness among them. There were forty-one calves in the lot, several of which came on the boat and, with two or three exceptions, every calf is alive and doing well.

While we were in Scotland last Autumn, we visited all of the best herds and got representatives from all of them. At Bapton Manor, the choice of the bull calves, also the two-year-old and yearling heifers. From Collynie we got what Mr. Duthie called his best bull calf and two excellent heifer calves. From Uppermill comes the highest priced Scotch Shorthorn female ever exported. From the herd of C. H. Jolliff comes the best Shorthorn bull, we consider, ever imported by us. Most of these animals were bought at auction and record prices paid for them. The cows that are nursing calves will be found in very thin condition; otherwise the importation is in very fair condition, and the breeding that is combined with the quality of the yearling heifers, we feel surpasses anything yet imported.

We have made it a policy never to fit our sale cattle in extra high condition—that is, in condition high enough to endanger their breeding value, as we do not wish to make all the money there is in them. We would rather sell them in such condition that the purchaser can also have a reasonable profit.

Animals sold in our last year's sale have already doubled and tripled the cost price at auction. Many animals imported by us have come out winners in the show-ring and have made lots of profit for the purchaser; in fact, there is scarcely an animal that has ever been called to our attention that has not been profitable and satisfactory.

---

---

Many of the home bred animals are strong in the blood of Avondale, which can be seen from their conformation. They are a richly bred lot, most of the females are in calf to the twenty thousand dollar "Rodney," Maxwalton Monarch, junior champion at the International; Maxwalton Mandarin by Revolution from the champion cow Mina 8th, and a few are bred to Maxwalton Eagle, sire by Revolution and from Edgecote Flapper, the best Missie cow purchased from the Edgecote Co. No females will be put in the sale we consider the least doubtful. All the females of sufficient age are well along in calf. These cattle are right in color and conformation, which has been the motto in our herd—"Like begets like and best produces the best."

AMERICAN CERTIFICATES OF REGISTRATION will be furnished with all the home bred and a few of the imported cattle, but only English certificates will be furnished with this year's importation. All of the dues are paid on them, except the \$100 fee, which we are leaving the purchaser to pay when he wants to have them put on record. It is well to note that if these animals are exhibited at a state or national show and win a ribbon within twelve months, the \$100 fee will be refunded. All calves sold with their dams are exempt from the \$100 fee.

GUARANTEE: Every animal sold as a single lot is guaranteed a breeder. Should any of the cows or heifers that have passed over six weeks fail to be in calf, a refund of 100% of purchase price will be made, but this does not apply to cows that have calves at foot. Purchaser has the option of accepting the 100% refund and getting them in calf to his own bull or returning them to us to be got in calf. Should any of the animals, after a reasonable trial by us, fail to be a breeder, purchase price will be refunded or an animal of like value given in exchange, just as the purchaser wishes.

SHIPPING: All the cattle will be cared for and put on board cars for the purchaser. We assume all risks, and should any of these animals meet with an accident, die from sickness, be rendered useless, or fail to pass the Tuberculin Test within two months after sale, we will refund the purchase price. You are taking no risk buying from us. We have delivered the goods that has always made our patrons a profit. WE ARE IN THE BUSINESS TO HELP YOU AND ASK YOU TO MAKE IT YOUR BUSINESS TO HELP US.

TERMS: Cash, or six months' credit at 7% interest. Parties wishing time will kindly bring bank reference and make arrangements before the sale.

Very Respectfully,

CARPENTER & ROSS.

It is only that Mr. Brown has a lot of his heifers coming on that induces him to sell him. We are selling this bull as Mr Brown's property but he is fully guar-anteed in every respect.
